

BV QUAD RIDERS MAY MEETING MINUTES

- Members present: Lloyd, Dan, Gord, Bruce, Bob, Len, Tammie, Ed, Ron, Dave, Jackson
- April's meeting minutes were read by Dan and adopted by Ed seconded by Dave.
Meeting commenced 7:35 pm.
- Treasurers report - \$7532.70.

Old Business:

- Lloyd gave report on the progress of brushing, Rec Site improvement, and trail conditions for the Telkwa Pass. The "Brusher" could not make it the last few hundred meters to Top Lake due to the steepness of the hill; this will need to be done by hand.
- Trail markers, kilometer signs are ready to be picked up for the Pass Project. Lloyd will pick up and we will put them up at the work bee.
- Lloyd has been dealing with Kevin Eskeline on the project to date however Kevin is moving south and Ben Hiemstra will now be our contact for this project.
- We need a plan in place for Jonas Creek Rec Site for our partnership into the project. We need to get a Society Number, Mailing Address, Legal Name, Two principle directors and designate someone to have signing authority. We will get insurance coverage through the government for entering into this partnership.
- Lloyd would like to wait till the end of the month when Ben takes over and then have a group ride into the Pass and spend the day planning what we would like to see done going forward.

New Business:

- Suskwa Trail we need to get someone to GPS this trail as soon as possible, rumor has it another group may be interested in using it for tours. After all the time and money we have put into this trail we need to get it registered as one of ours for the club.

- Power Ride Week end, Lloyd, Dave and Doug manned the table for the Quad Riders for the day again. Things were slow not a lot of inquiry's sold a couple of memberships and some hats. Makes for a long day, we need more volunteers next year to spell off the morning crew. Rumor has it that it is tentatively planned for the Arena complex and will include boats and other RV's to make it more of an outdoor show.
- **Work Bee, May 25, 2014 at 8:30 am** to clear the Pass and put up trail markers. **Meet at the Jonas Creek Rec Site and we will ride from there.** Please bring power saws to help with the clearing the more we have the faster the job gets done. You don't need to be a member to come out and help; there are lots of other user groups out there that access this beautiful area and you are more than welcome to participate. Come on out and lend a hand it benefits us all!!!
- ATVBC; Dave will contact Jeff Mohr President of ATVBC and inquire what rates are to join. We would also like a rundown of the benefits (insurance coverage) etc. that comes with being affiliated with ATVBC. ATVBC is a big voice in the atv community and would be a strong ally to be affiliated with.
- There will be a Poker Ride in July in The Telkwa Pass advertising will start as soon as we have things organized.
- If you have ideas for trail rides for the club in the upcoming season or would like to guide the club into an area that is a favorite of yours don't be shy give us a call so we can put it on the club calendar we're always looking for new places to ride.
- Next Meeting June 11, 2014 at 7:30 pm till then "Get out and Ride"
