

## BV Quad Riders last meeting of 2014

Ed adopted the minutes from the last meeting as read and Colin seconded.

Quite a few of the items on the agenda for this meeting relied on a report(s) from Lloyd who was unable to attend so many of the issues were re-slated to our first meeting in February 2015.

### Old Business:

- Members had a discussion on insurance coverage and in general whether we should have our directors covered by insurance? Another concern was our club projects such as bridge building etc. should an incident occur and the club was sued. Insurance coverage of this type is available with our membership in ATVBC should we decide to go that route.
- Memberships for next year, should we join ATVBC? It would mean a substantial increase in our dues, \$40 per quad with secondary per family @ \$25. There would be many benefits but also some down falls. Dan may draw up a list of the good points and bad of us going this route so that the members can mull it over before we vote in March.
- Lloyd was to report on the key for Moose Skin Johnny for next season. Slated for February.
- IMO update Lloyd was to talk to Parks, slated for February.
- If we didn't join ATVBC should we look at purchasing our own club insurance? This is very expensive. Slated for discussion next February.
- 2015 sponsorships, do we really need a director filling this position? We can't thank our sponsors and the dealerships enough for the tremendous support for our club functions. You people gave out some really cool prizes for our Poker Runs this year and we sure appreciated it. Because of your generosity at the functions it doesn't seem right to also ask for a monetary sponsorship. Other options will be investigated in our meetings in 2015.

- Chain Saw Safety Course. Would this affect us as a society as most of our bridge and trail building involves chain saw work? We need to find out if this could be an issue should an accident occur.
- Grants could be available from the government for club projects, we need to make a list of projects we would like to see done and apply. Colin may be interested in sending in a few applications for the club.
- Caribou Meeting Oct 29<sup>th</sup> in the Forestry Building Ed and Dave to possibly attend on behalf of the club.

#### New Business:

- Registration for our ATV's what's happening? All quiet so far, it was supposed to happen this fall but no one knows when, we will put more on our web site when we find out what's going on.
- February 11, 2015 will be our first meeting of the New Year. One of the big topics at this meeting will be should we join ATVBC? Come out and hear the pros and cons and give us your opinion. We will be voting on it at our March Meeting.
- Election of officers will also be slated for this time. We need some new faces out there with some fresh new ideas to take our club to the next level. Show your support and volunteer a little time and energy.
- Motion to adjourn by Gord, seconded by Colin.
- Merry Christmas and a Happy New Year to everyone, see you in February!!
