2. Memorial ideas for Lloyd Kilback? It was suggested the club look into a plaque to be placed at Jonas Creek Rec site in memory of Lloyd. Dave will look into this and get a price.
3. Power Ride Week End Report; was a “no-go” we were not notified! After waiting to see advertising for the event the Interior News was called and asked on April 30th why there was no advertising. They replied I guess we forgot to tell you guys it’s cancelled! A lot of planning had gone into our booth for this event it would have been nice to know when everybody else was notified.
4. Election of directors for 2015. This was done and the Directors for 2015 are as follows:

 - News Letter / Publicity Director; Dave Tolton
 - Directors for Trails and Construction Doug Hawkins and Mike Campbell
 - Director for Telkwa Pass Project: Colin Annette
 - Director for Club Website; Bill MyersThanks guy’s for helping out.
5. Bridges at the Moricetown Trail was checked by Doug Hawkins and were noted to be in good shape, trail had a fair amount of blowdown and mud was deep, trail could use a little TLC. Thanks’ guys for having a look!
6. Ride ideas? With the current snow pack where can we go for a ride? In light of the above statement we decided to do a ride and clean up the trail at Moricetown. We are also looking at building one more bridge on this trail and we could use the ride as a pre-planning trip. Please meet at the Safeway Parking lot at 9:00 am Sunday May 31st and we will go as a group from there.
